

Farzam Dinari

EDUCATION

K. N. Toosi University of Technology (<u>Ranked 5th Tech University in Iran</u>) <i>Bachelor Student (Exchange/Guest Program)</i>	<i>Tehran</i>	<i>2025 – 2026</i>
Selected Through a National Competitive Transfer Process		
Sharif University of Technology (<u>Ranked 1st Tech University in Iran</u>) <i>Bachelor Student (Exchange/Guest Program)</i>	<i>Tehran</i>	<i>2023 – 2024</i>
Ranked 1st Accepted Through a National Competitive Transfer Process from UoK to SUT		
University of Kurdistan (<u>Ranked 8th Comprehensive University in Iran</u>) <i>Bachelor of Science in Industrial Engineering & Law (Minor)</i> <i>Thesis Project: Selection of suppliers in supply chain management using MCDM Methods</i>	<i>Sanandaj</i>	<i>Sep 2021 – July 2026</i>
Combined Last 69 Credits GPA: 3.43/4^{1*} Adj. Selected Last 63 Credits GPA: 3.68/4^{2*} Thesis Project: 20/20 (4/4)		
Ranked Among Top 10 & 15% Student in IE Department	<i>Fall 2021 – Spring 2022, Fall 2022</i>	
Ranked 1st Student in Law Department Cohort	<i>Fall 2025, Spring 2026</i>	
Selected Coursework: Probability Theory (17.20), Calculus II (15.5), Differential Equations (19), Numerical Calculations (17), Macro Economics (20), Micro Economics (19.50), Financial Principle (17.50), Marketing Principle (18), Human Factors Engineering (19), Quality & Productivity Management (17.40), Maintenance and Repair Planning (16), Industrial Safety & Health (17.80), Transportation Planning (16), Computer programming (90/100), Linear Algebra (TA), Statistical Quality Control (TA), Engineering Economics (TA), Administrative Law I-II (17), Constitutional Law I (16), Human Rights (19) <i>*All Grades are out of 20 and 16+ is Equivalent 4 out of 4</i>		
Independent Academic Study: Structured self study based on selected MIT OCW and SUT OCW materials to strengthen foundations in IE, Mathematics, CS, and Management Science. <u>Completed/Reviewed</u> topics include Linear Algebra, Engineering Statistics, and Introduction to Mathematical Programming; <u>Ongoing/In progress</u> topics include AI/ML, System Optimization, Design & Manufacturing I, Introduction to Manufacturing Systems, Introduction to Operations Management, Principle Autonomy & Decision Making, Introduction EE/CS, and thermal fluids.		

PUBLICATIONS & MANUSCRIPTS

Predicted the Rate of Extra Urban Accidents in Ten Iranian Provinces Using AI Based on Influencing Factors <i>Maedeh GholamAzad, Mohammad Adib Fathi, Amir Hossien Tajik, Farzam Dinari, “First Biennial National Conference on the Application of AI in Traffic Control, University of Isfahan“</i> <i>Developed an Artificial Neural Network model based on Multilayer Perceptron to predict road accident rates across. The model reported 85.3% accuracy and identified stations, maintenance equipment and asphalt distribution performance as key predictors.</i>	<i>25-26 Feb 2025</i>
Supplier Selection in Supply Chain Management Using Multi Criteria Decision Making Methods <i>In Progress.</i>	<i>2026</i>
Criminal Liability for Procreation in Absolute Poverty: A Child Rights Based Analysis in Law <i>In Progress.</i>	<i>2026</i>
Academic Ethics and Educational Justice in Iranian Universities: A Critical Analysis <i>In Progress</i>	<i>2026</i>

RESEARCH EXPERIENCE

Bachelors Thesis Project, Advised by Prof. Hiwa Farughi <i>Selection of Suppliers in Supply Chain Management Using Multi Criteria Decision Making Methods</i> <i>Reviewed 53 papers and compared 15 MCDM methods for supplier evaluation, also using selected MIT OCW materials in supply chain planning, logistics, inventory, green SCM, and MADM as complementary references. Proposed a heuristic approach to analyze ranking consistency across methods and improve the reliability of supplier selection decisions.</i>	<i>2026</i>
Research Assistant, Undergraduate Researcher, Prof: Mahmood Shahrokhi <i>Assisted in research on talent management in organizations, focusing on identifying employee capabilities, evaluating key competencies, and aligning individuals with suitable organizational roles.</i>	<i>2026</i>

TEACHING EXPERIENCE

Teacher Assistant in Industrial Engineering Faculty	
Linear Algebra – Prof: Anwar Mahmoodi / (University of Kurdistan) <i>Conducted Problem Sessions and Helped the Students with their Questions,</i>	<i>Spring 2025</i>
Statistical Quality Control – Prof: Hiwa Farughi / (University of Kurdistan) <i>Conducted Problem Sessions and Helped the Students with their Questions for Exam,</i>	<i>Fall 2024</i>
Engineering Economics – Prof: Maryyam. Rezapour niari / (Sharif University of Technology) <i>Designing Weekly Practice Questions</i>	<i>Spring 2024</i>

SELECTED ACADEMIC PROJECT

1*: include main & minor

2*: Except for 2 Cw with special (crisis) documented conditions

*: Extenuating Circumstances Context

- **Design & Simulation of V8 Engine** 2026
Modeling, part design, assembly, engineering drawing, and motion study, and Implementation with Solid Works
- **Financial Management, K. N. Toosi Univ of Tech, (Prof: Abolfazl Shafaei)** 2025
Conducted financial analysis using official CODAL data, evaluating liquidity, profitability, leverage, market ratios, DuPont analysis, cash flows, SWOT, and investment recommendations.
- **Management Information Systems, Univ of Kurdistan, (Prof: Anwar Mahmoodi)** 2025
Analyzed and designed an information system for managing orders, design, material procurement, production, and delivery processes. The project modeled the company’s main workflows using Use Case, BPMN, DFD, and ERD diagrams to improve coordination, reduce delays, and support better resource, and Implementation with Access.
- **Fundamental of Computer Programming** 2024
Designed and deployed a WordPress website end to end, including domain setup, DNS configuration, Hosting setup, Website Design, Content Structure, and basic performance optimization.
- **Statistical Quality Control, Sharif Univ of Tech, (Head of the IE Dept, Prof: Majid. Rafiee)** 2024
Project to Investigate Various Quality Indicators of Statistical Quality Control Using the Minitab.
- **Evaluation of Work and Time, Sharif Univ of Tech, (Prof: Roghayyeh.Alizadeh)** 2024
Mapped dental implant Production Process and Calculated a Cycle Time per implant. The time analysis revealed that real inspection times must be shorter than the standard values to meet daily output. also Proposed a layout Improvement that relocates Workstations, Reducing Total Transport Distance and improving overall workflow.
- **Maintenance and Repair Planning, Univ of Kurdistan, (Dr. Shima Fallahi)** 2024
Digital Twin Systems: A Review of Concepts, Applications, and Emerging Trends.
- **Engineering Economics, Sharif Univ of Tech, (Prof: Maryam Rezapour Niari)** 2023
Analyzed a company’s market position, including its Market, Competitors, Business Model, Revenues, and Costs and It also Forecasts the company’s Income Statement and Cash Flow for the next four years.

ACADEMICS EXPERIENCE & CERTIFICATIONS & TECHNICAL TRAINING

- **Board Member of Univ of Kurdistan Petroleum Industries Association (Elected Member)** 2024 - 2025
Organized 10+ event, raised funding to support the training and visiting program, Advised by Prof: M Shahrokhi
- **Executive Team Member of Entrepreneurship Center of Sharif Univ of Tech** 2023 - 2024
Organizing a National Exemplary Entrepreneurship Seminar Venue at SUT, (Elected Member)
- **Executive Staff Member of Gamein 7, Scientific Association of IE Department at SUT** 2023 - 2024
First & Largest National Competition event from Scientific Association of IE Dept at Sharif Univ, (Elected Member)
- **Production Planning with Excel, Entrepreneurship Center and Industry Relations of UoK** 2025
- **Building Quadcopter from Union of Iranian Robotics & Mechatronics Student Scientific Associations** 2022
Including collaboration with the Robotics and AI Association of the UoK
- **Programming with Python, Tehran Institute of Technology** 2021
The first center of CS education, the largest ICT training center and the top educational brand. (90/100)
- **ISI Paper Foundation, Iran Scientific Standard Association** 2021
- **Technical Analysis of the Stock Market from Commercial Training Center** 2020
Affiliated with the Institute of Business Studies and Research (Ministry of Industry, Mines and Trade)

PROFESSIONAL INDUSTRY EXPERIENCE & LEADERSHIP

- **Founder & CEO & Chairman of the Board, A Farzam International Technology Industries Co** 2025 - 2026
Managed the Construction (\$25B+ R) of a Prefabricated Entrance Building for Oil Company in Asaluyeh - the Capital of Iran's Energy Sector and built initial Excel based predictive model, evaluating optimal project expenses.
Holder of an official business license issued by the Metalworkers and Metal Products Union for the Production and Sale of Containers, Rv, and Prefabricated Cabins. (Resigned from all position in Jan 2026)
- **Chairman of the Board, Andisheh M Farzam** 2022 - 2026
Consulting and Providing Strategies in the field of Business Management. (Right Hand)
- **Sales & Marketing Manager, Farzam Cantin** 2025 - 2026
Modernization of the system and Activity in Social Networks and Visual Advertising, (RH)
- **Co Founder, Farjad Med** 2024 - 2025
Medical Startup with Cooperation with the Entrepreneurship Center of Sharif Univ of Tech and Built a platform to optimize Sales and Distribution of Dental Supplies and Equipment.
- **Principal Member of the Board, M Fara Sanat Farzam & Sabt Farzam** 2021 - 2024
Pedestrian Bridge construction, Organized the System, managing personnel and finding the supplier, administrative activity. (RH)
- **Vice Chairman of the Board, Imen Beton Kasra** 2021 - 2024
Co-manager of a Sports Hall & Multi Purpose Stadium Construction Project Visited by the Governor of Tehran and Praised the Project in the City ([Link](#)), working on expanding our market and increasing the revenue, (RH)

- Production Planning Manager, Iran M Polymer** 2023 - 2024
Optimization of Production Planning, raw material supply, production personnel management, Consult about future planning, Multiple and complete inventory runs to Identified a software/system bug that was causing the Error.

VOLUNTEER EXPERIENCE & EXTRACURRICULAR

- Participating in Kharazmi Festival, National Scientific and Innovation Competition in Iran 2026
- Attended Meetings at the Philosophy Society, an Oil Painting Course at the Fine Arts Society at SUT 2024
- Completed a Chess Course up to the Advanced level at Sharif Univ of Tech Chess Academy 2024
- Member of Wrestling Team of Sharif Univ of Tech 2023
- Assisted in Renovating a Public School in an Underprivileged Area 2022
- Member of Aerospace Team and Build Glider at school 2018
- Volunteer Experience on local and National Political Campaigns

HONORS & ACHIEVEMENT

- Ranked among Top** Student in Linear Algebra (7/39), Theory of Probability and its Application (3/40), Financial Principle (1/31 m), Micro & Macro Economics (1/35), Differential Equations (1/39), Machine Tools Workshop I & II (1/60), Welding Workshop (1/20), Precision Measurement & Quality Control Lab, Physics Lab I & II, Fundamental of Electrical Engineering Lab, Human Factors Engineering, ESP
- Receive** a Competitive National Funded Full Scholarship for a B.Sc. 2021
- Bronze Medal** in Combined Team Sports at the 4th Salam Schools Complex Sports Festival Competitions 2017
- Ranked 1St** in the 6th Grade First Stage of **National Geometry Olympiad** at the Scientist School 2015
- Received** an Appreciation Plaque in the First "**Jabir Ibn Hayyan**" Festival from the Education Administration 2011
- Primary Candidate for Mobility Program at one of the Univ of Jaen (ES) / Univ of Applied Science FH Joanneum Graz (AT) / ICD Business Institute (FR) / Univ of Cologne (DE), Program Canceled by the Home Univ

LANGUAGE & SKILLS

Programming language: Python, MATLAB, WordPress, LaTeX,
Language: English (TOEFL), Farsi (Native), Kurdish (Intermediate), Turkish (Intermediate), Arabic (Basic)
Software: Microsoft Office Suite, MS Project, Minitab, Solid Works, Arena,
Soft skill: Problem Solving, Critical Thinking Abilities, Team Building, Proficient in Self Teaching
Interests: Guitar & Music, Calligraphy, Mixed martial arts, Basketball, Chess, Philosophy, Poetry, Math & Physics
In Progress: CEH, Catia
